- 11 How many butterflies are **between** the big rocks?
- 12 How many ducks are **in front** of the log?
- 13 How many dragonflies are **behind** the rocks?

Problem solving task

Who's first? Tom, Megan, Anna and Charlie lined up to go into class. Tom was just behind Megan. Charlie was just in front of Anna, who was in front of Megan. Who was first in line? Use the space provided in *iMaths / Tracker Book* to work out your answer.
